Enjoy the spirit of Christmas by giving to others!

Since the early 1960s, OC Connections has been selling Christmas trees to raise funds for the people we support. Each year, we source fresh quality trees from a local farm to sell throughout December. We also have a Christmas tree shop that offers a beautiful range of cards, decorations and high-quality tree stands.

Donate

OC Connections is a not-for-profit organisation. We rely on community support to supplement the many services and programs we provide to people, and their families. We are committed to services that enable all those with disabilities to live active lives with dignity and independence.

Money raised through our annual appeals and fundraising events goes towards vital services and programs not covered by government funding. Without this money, many participants simply wouldn't have access to the necessary equipment or assistance that can make the world of difference to their quality of life.

Your support is greatly appreciated!
