SUPPORTER AND HELP US RAISE FUNDS FOR PEOPLE
WITH DISABILITY**

Supporting people with disability

At OC Connections, we create opportunities and provide expert, empowering support for people living with disability to live the life they choose, within inclusive communities that value who they are. Our specialised services, progressive partnerships and processes, and community connections all work together to support OCC participants to live and contribute with confidence, fulfilment and self-determination, every day and for their futures.

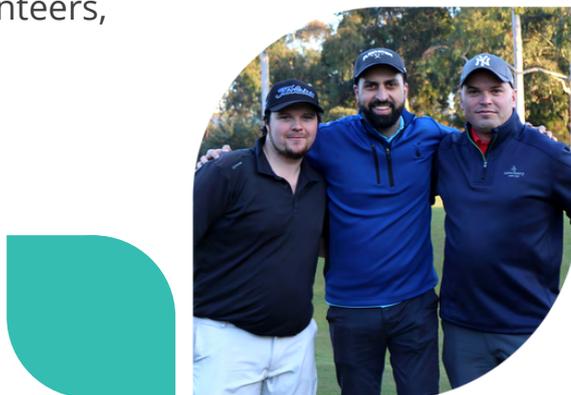

We have different programs that can help people find a home, live well in their home, achieve their goals, enjoy different activities, and spend time with new people and old friends. These programs include:

- **supported accommodation**
- **day programs**
- **recreation activities and holidays**
- **respite or short term accommodation**
- **supported employment**
- **support coordination**
- **employment training**

As a not-for-profit organisation, we rely on fundraising and donor support to supplement the many services and programs we provide for people. By working together, we can open-up opportunities for people living with disability and support them in reaching their goals through engaging daily occupation, accommodation and home services, and employment training and support.

Our annual charity golf day is the organisation's largest annual fundraiser and we rely on our wonderful community of supporters to make this day a success, whether that be as players, volunteers, sponsors or prize donors.

To help us grow and continue to provide relevant support to people with disability, the financial support of sponsors and donors is paramount.
