

## HOW CAN YOU HELP?

What are your strengths, skills and passions? OC Connections have a large range of services and activities that could benefit from your skills, including:

- Supporting participants in day activity programs such as art, craft, photography, sport and computers
- Community Friend – share a hobby or enjoy outings together
- Helping with working bees, gardening or home maintenance
- Assisting at recreational activities such as holidays, sporting events, concerts, the weekly disco or lunch outings
- Fundraising support at the annual charity golf day and Christmas Tree Festival
- Sharing professional skills.

# VOLUNTEER

OC Connections is fortunate to be supported by a large team of dedicated volunteers who provide valuable assistance to participants and staff. Our volunteers enhance our programs, activities and culture by using their skills and experience to provide opportunities for others.

We are grateful to our volunteers who give their time so generously to support our participants. While our volunteers come from all walks of life and perform different roles, there is a common purpose and understanding to their work – and that is to help make a difference to the lives of others.

## WHY VOLUNTEER?

- Share skills and experience
- Develop new skills
- Meet new people
- Support your community
- Try something different
- Stay involved and active
- Have fun
- Trial a career in disability.

## CORPORATE VOLUNTEERING

Does your workplace, church, or association have a volunteering program? Are you part of a team who would like to volunteer or partner with us?

Contact our Volunteer Coordinator today to discuss the opportunities we could create for your team.

There are various reasons to volunteer at OCC, but only one reason our volunteers continue to give their time to our organisation - the satisfaction and reward of contributing to our worthwhile cause.

***“Helping families select their Christmas tree was a lot of fun and knowing that all the money raised was going to such an amazing organisation was humbling and rewarding.”***
